Lucknow Highlight Statements – Generated by Traditional A.I. applied on Lucknow Big Data including Lucknow District Rank

Lucknow Highlights

Lucknow District Rank vis-à-vis 768 India Districts

O Better than India Average-

- Lucknow is the 2nd highest ranked in # of ITIS seats (No, AISHE 2021) to ut of 768 city/districts of India.
 This implies that this district is more urbanized and/or has a better-developed educational infrastructure compared to other districts.
- 2. The average Devnagri Script (Hindi) 1 of Indian city (district capitals)/districts is 137,058. Lucknow is the 2nd highest ranked city out of 768 city/districts. This indicates a high pool of literate hindi population compared to other cities.
- Out of 768 District Capitals/Districts of India, Lucknow is the 2nd highest ranked in Central Govt Jobs(Formal),2023
 This means that this district has higher attractiveness for migrant workers.
- Out of 768 District Capitals/Districts of India Lucknow is the 1st best ranked in Number of Murders (NO, IPC 2020)
 This indicates a safer district as compared to other districts.
- Lucknow is the 1st best ranked in Number of IPC Crimes (NO, IPC 2020) out of 768 City/Districts of India. This indicates a safer district as compared to other districts.

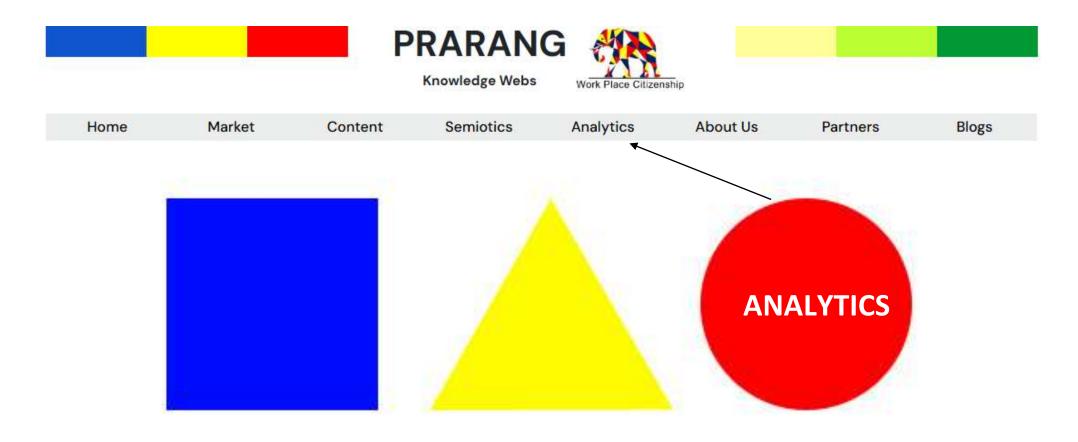

Worse than India Average-

- Lucknow is the 492nd worst ranked in No of Nurses 0 out of 768 city/districts of India. This implies that
 the health infrastructure in this district is inferior to that of other districts.
- 2. The Average Number of Households without TV, Internet, Radio, Computer, Mobile, Landline (No, Census 2011) of Indian City (District Capitals)/Districts is Lucknow is the 477th worst ranked City out of 768 City/Districts. This indicates that economic condition of people in this district is poor compared to other districts.
- Out of 768 District Capitals/Districts of India, Lucknow is the 416th worst ranked in Informal Jobs(Dist.),2023 This indicates that this is not a significant district, for example, it may not be highly urbanized.
